We have been in operation since January 1992 and we are located in Whitecourt, Alberta. We provide a professional and confidential service to a variety of companies throughout Alberta. Our system is the most advanced technology that still provides a personal touch. With our fiber optic phone lines all calls transferred through our system maintain 100% clarity. Our goal is to provide competitive rates, courteous, and efficient service with a friendly helpful voice.

The Alberta Answering Service offers a 24 hour call center, with a 6 month record of all calls for your convenience. To keep your employees safe, we provide a work alone service via telephone. If you are using the "Spot" system, we provide spot-check work alones via email. We also provide alarm monitoring, radio monitoring, faxing, photocopying, and R.V storage. In addition, we are pleased to introduce computer generated text messaging services.

Need to send a parcel or pick-up a parcel? Work long hours and don't have time to send that last minute gift or important documents? Once again, the Alberta Answering Service is here to help you.
